WHISKEY TERMINOLOGY

STRAIGHT BOURBON OR RYE

To be labeled as Straight Bourbon or Rye, the liquor must meet all the previous requirements and be aged at a minimum of 2 years in Virgin American White Oak Barrels

BOTTLED IN BOND (BIB)

To be labeled as bottled-in-bond or bonded, the liquor must be the product of one distillation season (January-June or July-December) by one distiller at one distillery. It must have been aged in a federally bonded warehouse under U.S. government supervision for at least four years and be bottled at 100 proof. The bottled product's label must identify the distillery where it was distilled and, if different, where it was bottled. Only spirits produced in the United States may be designated as bonded.

SMALL BATCH

A small batch of Bourbon is just a few select single barrels that will undoubtedly complement and combine well as a blend of many carefully selected barrels.

BARREL PROOF
